Monica and I worked on some that we sent to the JIC in Colorado yesterday. CC'ing her to see if she could forward the draft she sent over.

Monica – happy to send if you didn't make any changes to the doc that I sent you.

We have a public meeting tonight at a SF site that is a mine. We don't intend to draw connections to the Gold King response, but if questions come up we are trying to make sure we have the best, latest sanctioned messages.

Can you point us in the right direction please?

Thanks!

Dave
